

RESIDENTIAL COLLECTION

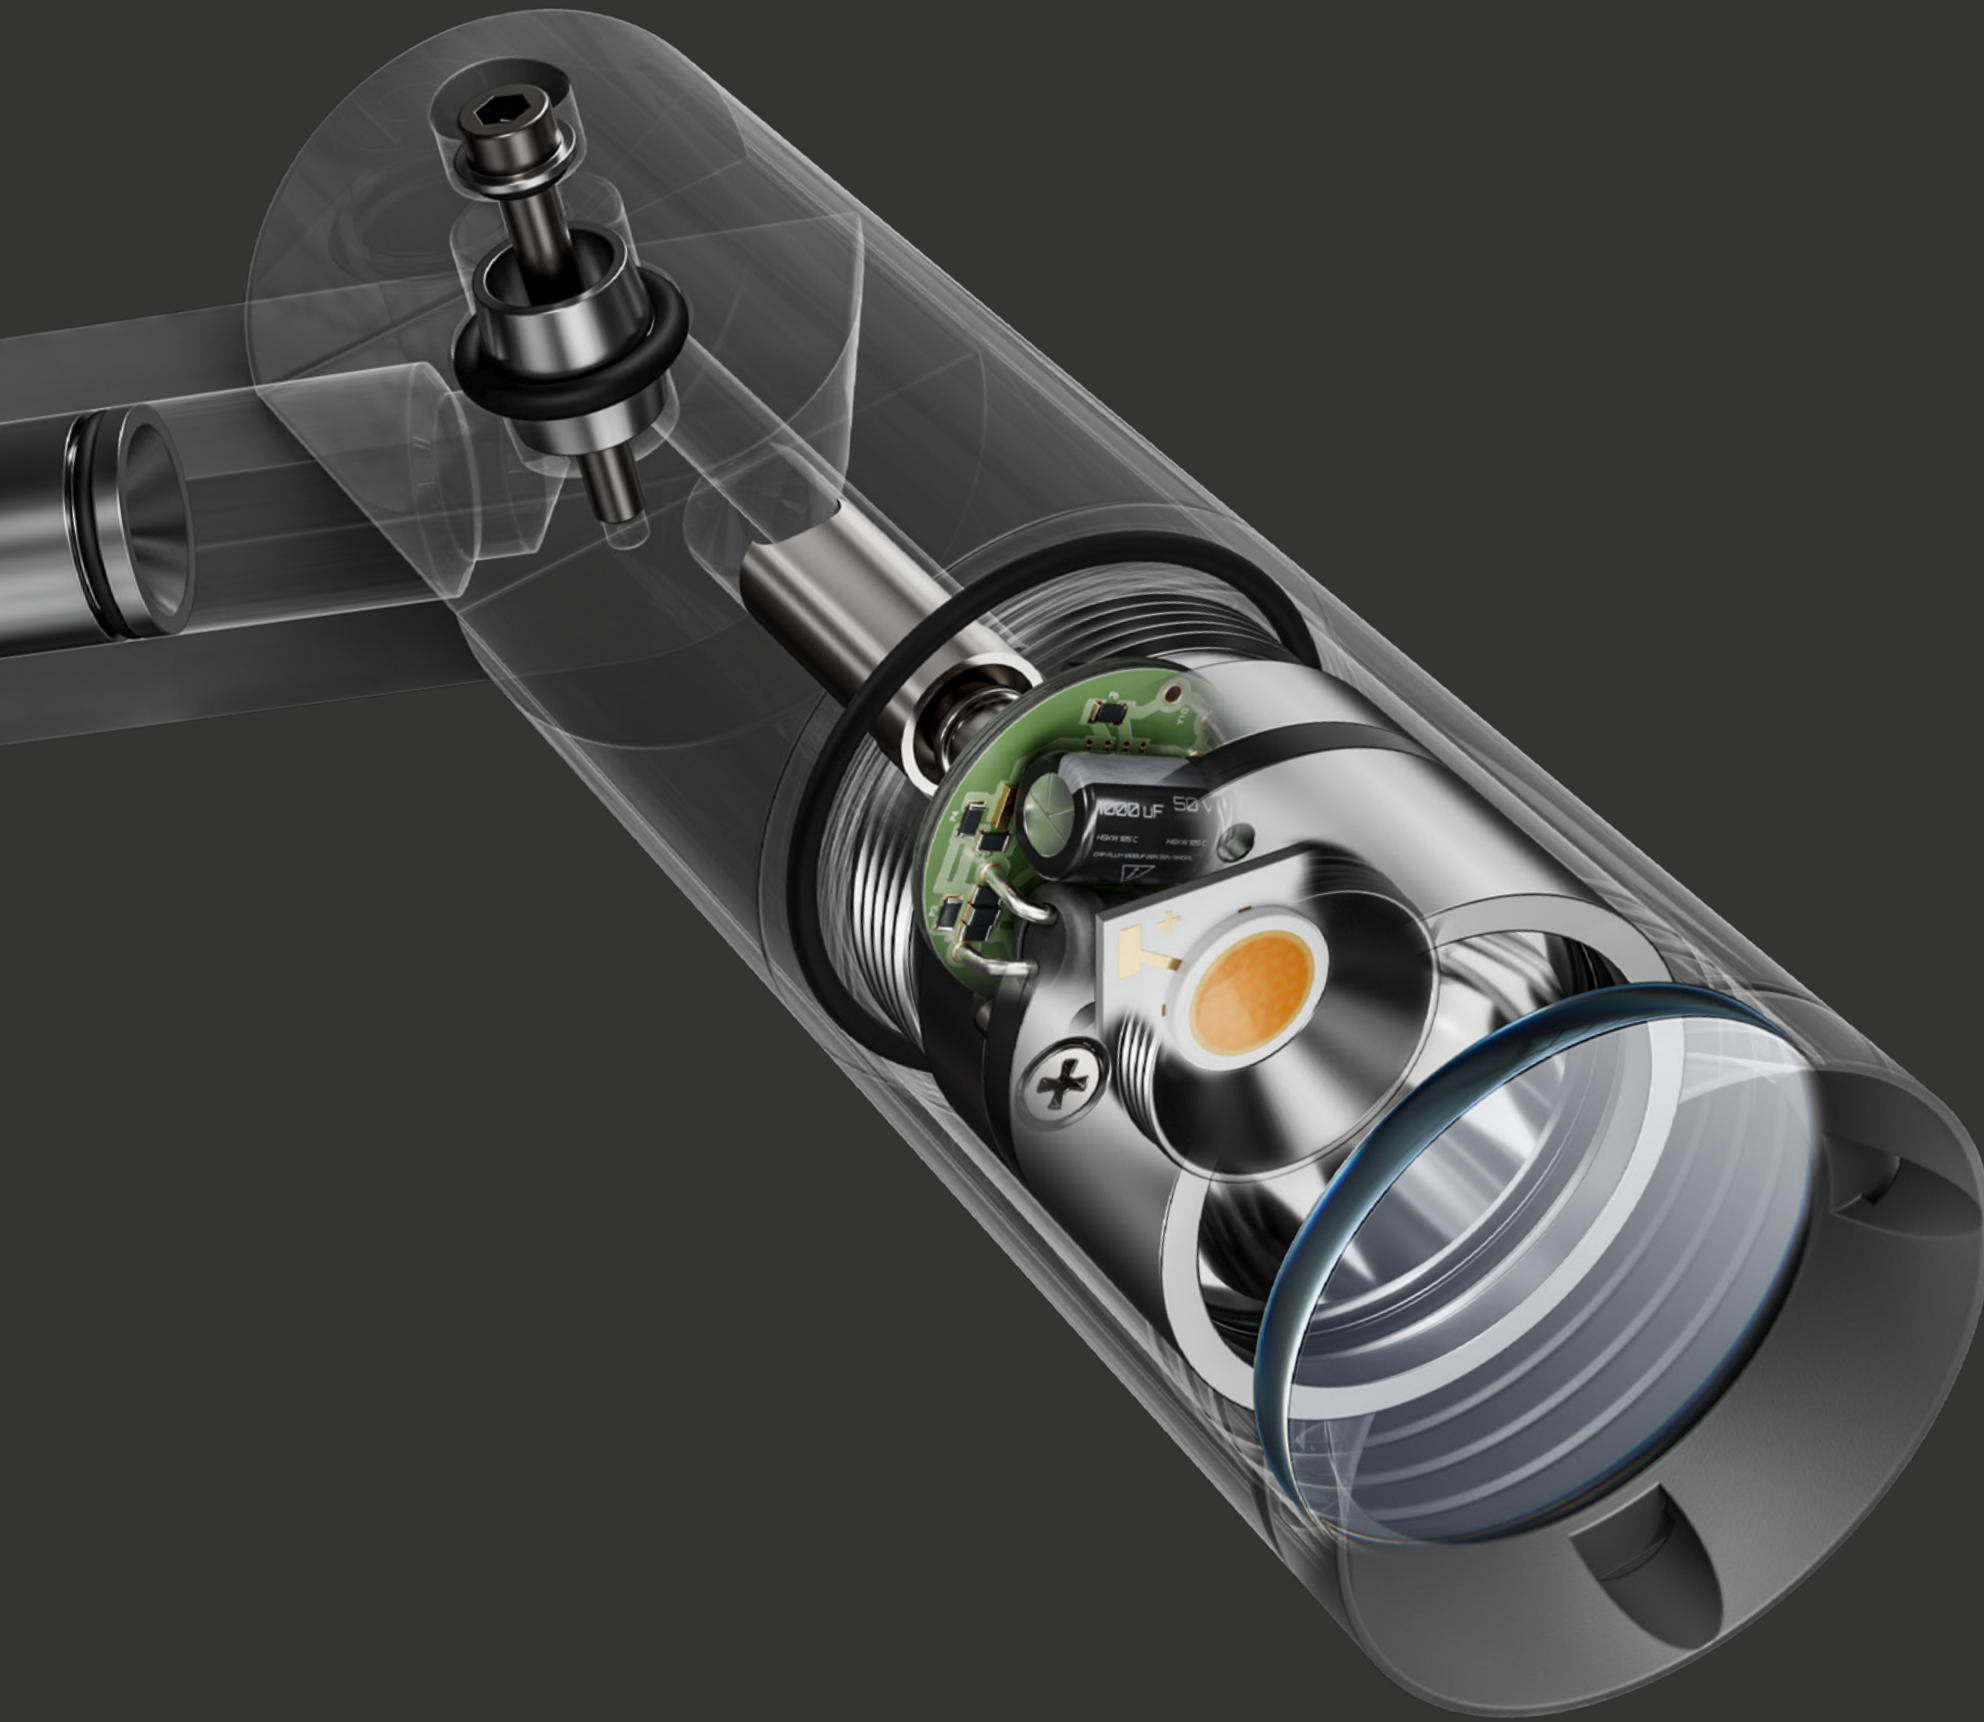

SENTINEL SERIES

Architectural light.
Quiet confidence.

The Sentinel Series brings optical control, marine-grade durability, and the restrained architectural presence of HK Luxury's Accent Lights to outdoor residential areas that require enhanced nighttime visibility and coverage.

The Performance of
an Accent Light.

The Coverage of
an Area Light.

Creating readable depth, confident wayfinding, and clearer nighttime context, without resorting to conventional security lighting's blanket brightness. HK Luxury's Sentinel Series combines fully aimable fixture heads, field-changeable optics, and architectural-grade construction to place light precisely where it's needed.

Able to disappear into the architecture, yet illuminating exactly where the homeowner needs it.

- Available in 12V and 120V configurations
- Integrated LED and lamp-based light engines delivering up to 950 lumens per light head
- 180° vertical and 360° horizontal adjustment
- Field-changeable optics, lenses, and accessories
- Aircraft-grade aluminum and corrosion-resistant finishes available in Black, Bronze, and White
- Modular components and field-replaceable light engines
- Narrow-band Amber LED available for wildlife and turtle-safe lighting applications

Visibility by design, never by excess.

Fully aimable fixture heads, multiple optical distributions, and field-changeable accessories provide precise control over coverage and light placement.

**CONTROL WHAT IS SEEN.
KEEP THE SOURCE DISCREET.**

- Multiple optical distributions
- Field-changeable optical beams
- Field-changeable lenses and accessories
- Adjustable angled and long glare shields
- Reduced direct-view brightness and improved visual comfort

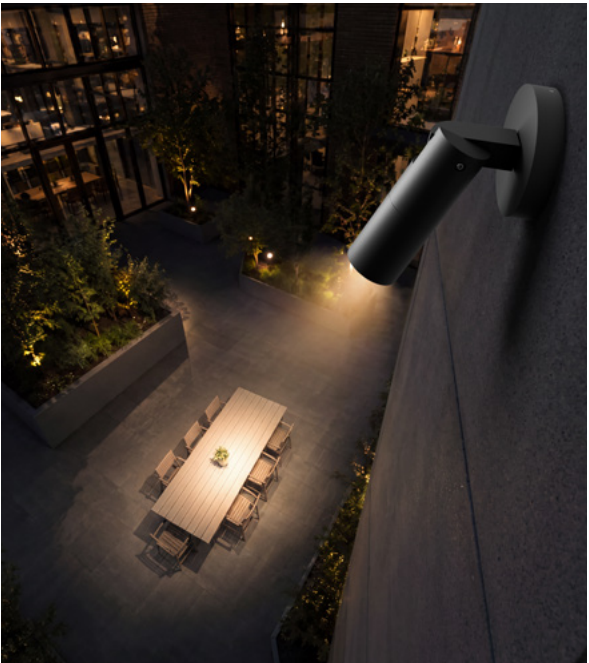

**Marine-Grade Construction.
Proven Performance.**

Built on HK's proven Accent Light platforms, corrosion-resistant finishes and architectural-grade construction deliver long-term performance in demanding outdoor environments.

**AIM LIGHT WHERE
IT MATTERS**

- 180° vertical and 360° horizontal adjustment
- Place and aim light precisely where visibility is needed
- Reduce wasted light and improve nighttime visibility

**One Series.
Multiple Platforms.**

HK's Sentinel Series is available on integrated LED and lamp-based platforms for both low-voltage and line-voltage applications. All Sentinel Series fixtures maintain a consistent design language and performance across the property.

Adjustable Beam Optic
Available on ARTOSLA16 models

**Control the Beam.
Define the Space.**

The Adjustable Beam Optic allows the ARTOSLA16 to transition from a narrow 14° beam to a broad 70° distribution in the field. Expand coverage, refine light placement, and adapt to changing project requirements without replacing fixtures.

Adjust coverage after installation to place light exactly where it is needed.

Elevated Solutions for Residential Applications

ARTOSL11
Big Performance. Small Presence.
Discreet architectural applications.

1.65" dia.

5 or 7W (450–675lm) per light head*

12V

HK LED, Amber

ARTOSLA16
Coverage That Adjusts to the Application.
Field-adjustable beam control.

2.25" dia.

5 or 10W (500–950lm) per light head*

12V

HK LED, Amber

ARTOS16
The Architectural Alternative to Traditional Security Lighting.
Versatile, lamp-based platform.

2.25" dia.

7.5W (640lm) per light head*

12V

SORAA, LED Lamp, Halogen

ARTOS16
Center Pivot
The Architectural Alternative to Traditional Security Lighting.
Versatile, lamp-based platform.

2.25" dia.

7.5W (640lm) per light head*

12V

SORAA, LED Lamp, Halogen

ARTOS16 GU10
Line-Voltage Lamp Flexibility.
Serviceable GU10 lamp platform.

2.25" dia.

7.5W (600lm) per light head*

120V

SORAA, LED Lamp, Halogen
